PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster and Punch Forked Globe Pendant Light

The Forked Globe pendant highlights the stunning materials that Buster and Punch use, showcasing high-quality metal and hand-blown glass. A part of the [Buster and Punch Forked collection](#), this pendant has the most classic look, as it features a gorgeous spherical glass lampshade held by a fork-shaped metal structure. The glass comes in either an opal glass finish, which conceals the light bulb, or a smoked glass finish, which exposes the light bulb, creating a mystical look.

The Forked Globe pendant lamp comes in a brass, gun metal, or steel finish, paired with the glass shade for a modern aesthetic that uses classical design ideals. The pendant light can be used in a wide variety of settings and will provide both a functional and atmospheric glow as you control the intensity of the included dimmable light bulb. A spectacular addition to any interior, use alone, in rows, in clusters, whether using one finish or size, or a beautiful combination.

PRODUCT SPECIFICATION
