PRODUCT DESCRIPTION

Designer: Lodes

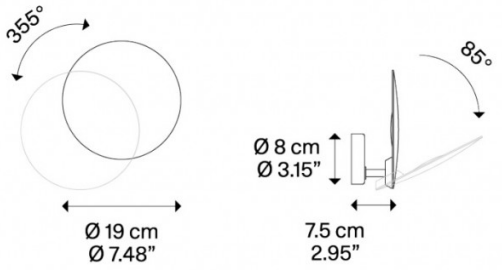

Lodes Puzzle Round Single Wall / Ceiling Light

The Puzzle Round Single Wall / Ceiling Light is characterised by its geometric form and unobtrusive aesthetics. Designed by the in-house team at Lodes, the Puzzle Round Single has been created for a variety of living contexts, for installation on either a ceiling or wall. Its compact size is perfect for small spaces, while its versatility allows for dynamic displays to be created in larger spaces. Available in three finishes, Matt Black, Matt White, and Champagne, the Puzzle Round suits contemporary environments such as offices, waiting rooms, or hotels.

When illuminated, the Puzzle Round Single offers indirect, glare-free light. Flexible joints allow the lamp to be tilted by 85° and rotated up to 355° for customisable lighting. Adjust the shade to direct light precisely where required while bathing the surrounding surface in a warm glow. The Puzzle Round Single is available in either 2700K or 3000K. Install with the **Puzzle Round Double** for a personalised display that perfectly suits its environment.
