Mater Terho Pendant Light

The Mater Terho pendant light was designed by Finnish designer Maija Puoskari who was inspired by the natural forms within nature. Terho means ‘acorns’ in Finnish and aims to reference the organically rounded shape of acorns. The natural linden wood used within this minimal design simulates the raw tactile characteristics of the Finnish environment. The Opal glass also emulates the minimalist nature of Scandinavian design whilst the smoked transparent glass gives these Mater pendant lights a timeless feel.

Available in three sizes, small, medium, and large, this Scandinavian pendant can be placed in any part of your home or commercial space. From a cluster above a dining table, to a linear arrangement above a kitchen island. The Terho pendant lights bring a natural touch to your home.
