PRODUCT DESCRIPTION

Designer: Francesca Smiraglia

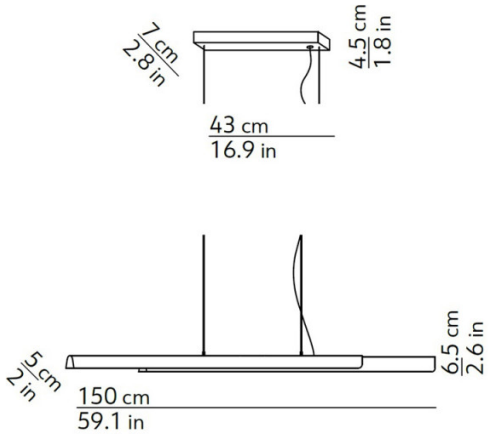

KLDN Dala Linear LED Suspension

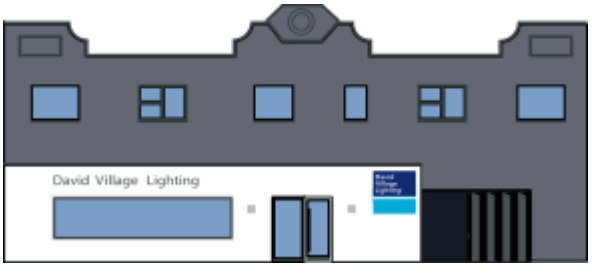

The latest addition to the **Dala Collection** , the Dala Linear suspension combines two linear elements in a balanced and harmonious composition. Designed by Francesca Miraglia to introduce the organic quality she felt was missing from comparable luminaires, it blends clean, architectural lines with softly curved forms to create a distinctive aesthetic for contemporary interiors.

The Dala Linear Suspension is available in dark grey or sand structure, with a choice of wood or concrete finishes. It is dimmable via mains phase, allowing users to easily adjust light intensity to suit any mood. Producing a downward-directed, glare-free light, the Dala is ideal for placement above dining tables or within high-ceilinged spaces. Its evenly spread lighting suits office spaces and hospitality settings.
