PRODUCT DESCRIPTION

Designer: Francesca Smiraglia

KDLN Dala Linear LED Suspension

The latest addition to the Dala collection, the Dala Linear suspension is a synthesis of two linear elements, harmoniously blending with each other. The Dala Linear has this organic feel, something that Francesca Miraglia thought was missing from similar luminaires. The strict lines with the soft curves bring a new aesthetic into interior spaces.

The linear suspension is available in dark grey or sand structure with a combination of wood, concrete or copper finish. The Dala Linear is also dimmable, via mains phase, allowing you to adjust the light's brightness to your liking. With a 5150 lumen output, the Dala Linear is a powerful light, perfect over dining tables or high ceiling spaces. A light perfect for both commercial and residential spaces, the Dala is also available in a warm white (3000K) colour temperature, please [contact us](#) for further information and pricing.
