PRODUCT DESCRIPTION

Designer: Chris Basias

KDLN Flow Suspension

Designed by Chris Basias for KDLN, the Flow Pendant takes inspiration from nature, creating the impression of delicate leaves suspended in mid-air. Influenced by memories of his childhood in the Greek countryside, Basias brings a playful sense of eccentricity to the design.

The Flow Pendant features a spherical opal diffuser, which provides warm, diffused light. The Flow Leaf shares the same distinctive leaf-shaped metal disc but is a decorative element without a light source. Together, they offer a flexible approach to design, with options to display alone as an elegant statement piece or grouped in multiples to create a more dramatic installation. The result is a poetic interpretation of nature, where light, shadow, and form interact to create a dynamic yet refined atmosphere.

A multiple canopy option is also available, allowing up to eight lights to be installed together. Please contact us for information and pricing.

PRODUCT SPECIFICATION

Light Source: 1 x Max 25W G9 (Excluded)

IP Code: 20

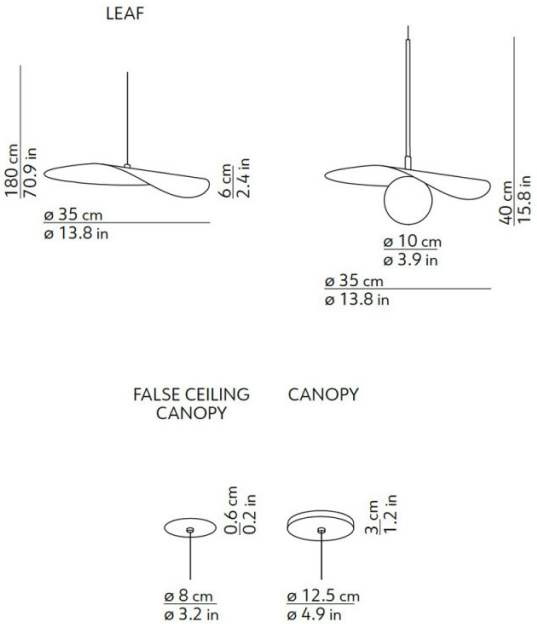

Dimming: Dimmable via mains phase dimming.

Dimensions:

Suspension
Ø35cm
Height: 40cm
Diffuser: Ø10cm

Leaf
Ø35cm
Height: 6cm

Surface Canopy: Ø12.5cm x 3cm
or
Recessed Canopy: Ø8cm x 0.6 cm
