PRODUCT DESCRIPTION

Designer: PEDERJESSEN

Mater Ray Floor Lamp

The Mater Ray floor lamp is an example of Nordic minimalism and materialism. The simple combination of steel and oak together creates a raw and authentic aesthetic that demonstrates the pure beauty of raw materials. The soft oak and the sturdy steel create a beautifully innovative contrast that characterises this floor lamp.

The Scandinavian functionality of this lamp comes from the adjustability of the oak shade. Magnets are used inside the steel dome to attach the oak shade within the dome. This allows the user to manoeuver the beam of light to wherever it is needed. Ideal for a workspace or reading nook to bring direct and purposeful light to your space.
