### Model 237/1 & 238/1 Wall Lamp by Astep

The Model 237/1 and 238/1 wall light is part of the [Astep Le Sfere collection](#), a range developed by the iconic Gino Sarfatti. Sarfatti was inspired by the beauty of earth's natural satellite, the moon, when designing this stunning wall light. The wall lamp features a blown glass sphere, elegantly held by a metal ring, emulating effective moonlight.

The Model 237 and 238 single wall lamp can be used in a wide variety of settings thanks to its efficient and luminous glow. The wall light is available in a black or champagne finish and in the smaller 237 or the larger 238 size to suit all your needs. Use in corridors, lounges, bedrooms and many more for a wonderful illumination and refined aesthetic.
