PRODUCT DESCRIPTION

Designer: José de la O

Mater Firefly Pendant Light

The Firefly pendant combines luxurious metal detailing with beautifully handcrafted partly sandblasted glass. Inspired by traditional Mexican flycatchers, the Firefly pendant brings elegance and light wherever it is placed. Available in a black or copper finish, the combination of the metal and glass brings a timeless feel to the design. The black gives the Mater pendant light a classic finish that would be ideal for a more monochrome interior. Whereas the copper finish adds a pop of glistening colour to your home.

Place the Firefly pendant above a seating area or dining space as a spectacular cluster at alternate heights or as a singular pendant. The Firefly pendant is a simple and minimalist design that will bring quality and beauty to your home or commercial space.
