PRODUCT DESCRIPTION

Designer: Gino Sarfatti

Model 237/2 & 238/2 Wall Lamp by Astep

Designed by Gino Sarfatti, the Model 237 and 238 double wall lamps are part of the Astep Le Sfere collection, an iconic range that has expanded over time and can even be seen in the acclaimed Teatro Regio in Italy. Sarfatti was originally inspired by the moon, wanting to emulate its wondrous glow in a wall light. What resulted was an elegant spherical glass lampshade, held by a sleek metal structure.

The glass shades diffuse the light source, spreading the light evenly to create an effective and efficient glow. The double wall lamp comes in the smaller Model 237/2 or the larger Model 238/2 and in a black or champagne finish. Suitable for homes, work spaces and public settings, the Model 237/2 and 238/2 wall light can be used in hallways, foyers, lounges and more for a classic and refined touch.

PRODUCT SPECIFICATION
