PRODUCT DESCRIPTION

Designer: Naoto Fukasawa

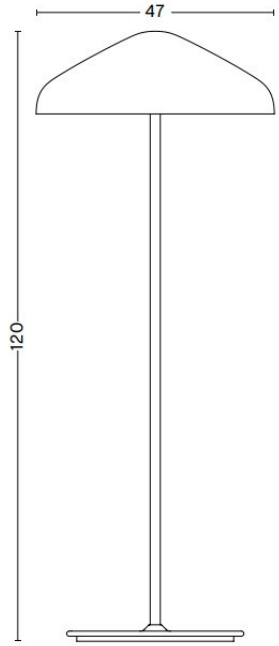

HAY Pao Steel Floor Lamp

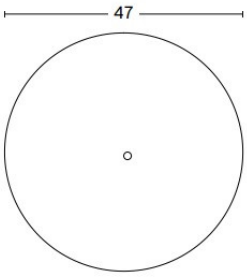

The Pao Steel Floor Lamp was designed by Naoto Fukasawa, a minimalist Japanese designer who believes that success means creating something that brings joy to other people's lives. Fukasawa created the **Pao Collection** after being inspired by the soft, glowing shape of traditional Mongolian Pao tents illuminated at night-time. He aimed to replicate the warm, cosy ambience of the tents through the lamp's softly diffused light.

The high-gloss grey, white and black finishes add a minimal monochrome aesthetic to your space, whilst the sturdy steel structure brings an industrial presence. Ideal for homes and commercial spaces, this sleek and contemporary design provides a glare-free indirect light that creates a warming atmosphere.
