HAY Paper Cube Table Lamp

Designed by Bertjan Pot, the Paper Cube Table Lamp is an elegant, functional lamp inspired by the mechanics of constructing folded paper ornaments. The lamp's flat-pack design is easily transportable and easy to assemble. Crafted from ECOPET™, a material produced from recycled PET bottles, the lamp boasts an eco-conscious design. Four wooden legs complement the Paper Cube's natural, soft aesthetic while maintaining the lamp's sense of lightness.

When illuminated, the translucent shade emits soft, ambient lighting. This atmospheric glow, paired with the Paper Cube's clean design, makes it suitable for a range of residential and commercial spaces. Place it at a bedside, next to a sofa, or in a reading nook to create a sense of calm within the room. Display with the **Paper Cube Floor Lamp** to create a cohesive theme that provides balance and serenity.
