HAY Paper Cube Floor Lamp

The HAY Paper Cube Floor Lamp was designed by Bertjan Pots, who created the series after being inspired by an ancient Japanese paper folding technique. The shade, crafted from recycled PET bottles, boasts an easy-to-assemble flat pack design. The slender wooden legs complement the lamp's natural aesthetic, suiting a wide range of interiors.

When illuminated, the Paper Cube produces warm, ambient lighting that suits domestic and commercial spaces alike. Place in a living room or bedroom, adding warm lighting to the space for a tranquil and harmonious atmosphere. Display with the **Paper Cube Table Lamp** to create a cohesive theme with a calming sense of balance.
