PRODUCT DESCRIPTION

Designer: Simon Legald

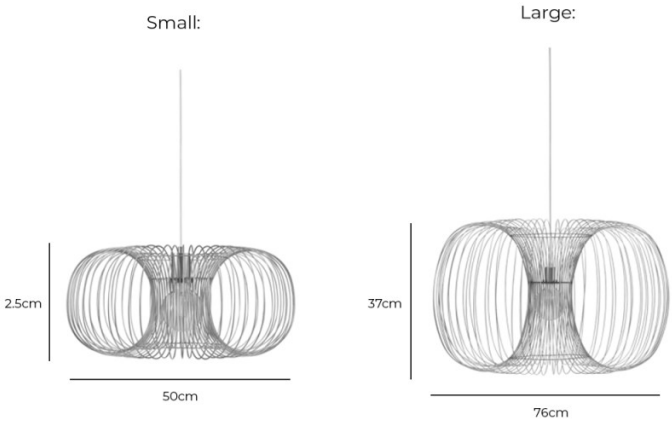

Normann Copenhagen Coil Pendant

Normann Copenhagen Coil Pendant was designed by Simon Legald with a sense of infinity in mind, achieved through the silhouette that creates as much volume with as little material as possible. Formed of curved stainless steel wires, the Coil Pendant combines space and a delicate simple design. Legald describes this combination as the air between the wires makes the design appear light and airy despite its immense volume, making the air as equally important for the design, as the material itself. This simple but striking design becomes the focal point in any room and adds a contemporary touch.

The Coil Pendant is offered in two sizes: small and large. Legald defines it as a design that embodies a simple and sincere expression. The product is highly suitable for those seeking a minimalist aesthetic in their residential or commercial spaces. It can be incorporated into office spaces, as well as commercial settings. Its unique design is a testament to its versatility, making it an ideal choice for a diverse range of settings.

PRODUCT SPECIFICATION

Light Source:	**Small**: 1 x Max 8W E27 LED (excluded) **Large**: 1 x Max 8W E27 LED (excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	**Small**: Ø50cm Height: 22.5cm **Large:** Ø76cm Height: 37cm Cable Length: 400cm
