PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Tiny Lamp

The Ferm Living Tiny Lamp is inspired by Art Deco, featuring a metal design that exudes character. The clean lines and striking silhouette give the Tiny Lamp a timeless look that suits a range of decors. The lamp is made from iron, lending an industrial touch to many spaces, and has a simple yet effective design that can be used both decoratively and functionally. The tiltable lampshade allows you to create your desired aesthetic while directing light to where it is required.

The Tiny Lamp is available in a brass finish, which gives the lamp a sophisticated and refined appearance, allowing it to slip into any design scheme. The petite size of the lamp gives you the freedom to place it virtually anywhere that needs a pocket of light. Place next to a sofa as a reading light or beside a bedside for warm lighting that adds a touch of character to the room.
