Ferm Living Tiny Table Lamp

The Tiny Table Lamp was designed by Ferm Living's in-house team of designers. Its petite size and slim frame give you the freedom to place the table lamp in a wide range of spaces, while providing functional lighting. The design was inspired by Art Deco, which can be seen in the straight lines and geometric shapes of the frame. The lamp is available in a luxurious brass finish, adding to the industrial aesthetic of the luminaire.

The Tiny Table Lamp expertly balances form and function. The tipping head allows you to tilt the shade, creating a new look for the lamp while changing the atmosphere in the room. The charismatic lamp is well-suited to a range of decors and is a perfect match for an office desk, side table, or beside a bed. Create a cohesive theme throughout the home by displaying the Tiny Table lamp with the **Tiny Lamp**. In commercial spaces, the Tiny Table Lamp blends seamlessly into contemporary offices and hospitality settings.
