PRODUCT DESCRIPTION

Designer: Sofie Refer

Liila Wall Outdoor Light by Nuura

The Liila outdoor wall light is a sophisticated and refined fixture that is made from metal and features a mouth-blown glass lampshade. The wall lamp has an organic silhouette, with rounded shapes and lines that draws the eye whilst also blending easily into its surroundings.

The metal structure is available in either a black or dark bronze finish which is paired with either an opal white or a clear optic glass shade. The clear optic glass exposes the light bulb and creates a refracted glow whereas the opal white glass conceals the light bulb for a more traditional look. Suitable for use outside, the Liila exterior wall lamp can be used on driveways, terraces, as a welcome home light and much more.
