PRODUCT DESCRIPTION

Designer: Gridy

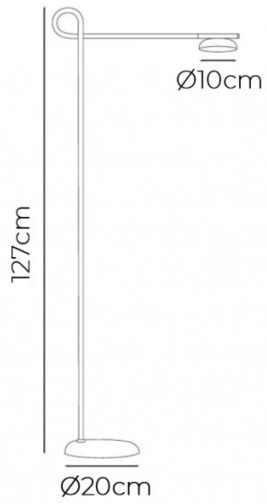

Northern Salto LED Floor Lamp

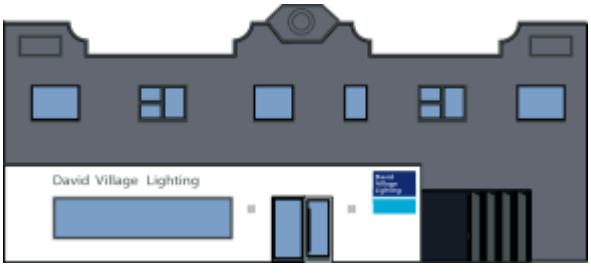

Designed by Gridy, the Salto Floor Lamp was created using their design principles: to create honest products with minimalist and simplistic ideals and a sense of character without demanding attention. Steeped in Scandinavian tradition, this floor light features a small loop which inspired by the designers' young love of snowboarding and skateboarding.

The Salto floor light comes in two subtle finishes, beige or black, and can seamlessly slip into any design scheme. The lampshade can adjust and the base rotates, allowing you to direct the light where needed, whether you want a task or ambient light. A subtle 3-step dimmer in brass sits beautifully on the front of the integrated LED light source, being easy to use and functional. A perfect addition to an office or next to a sofa in a lounge, the Salto Floor Lamp will add a stylish touch to any interior.
