PRODUCT DESCRIPTION

Designer: Bonderup & Thorup

Gubi Semi Metallic Pendant Light

The Gubi Semi Metallic Pendant reimagines the classic 1968 Semi design by Claus Bonderup and Torsten Thorup with a touch of luxury. The high-gloss metallic finishes in chrome and brass elevate the pendant's minimalist aesthetic, making it a stunning centrepiece for any interior. Drawing on the clean, geometric lines of the original design, this version brings a fresh sense of glamour while maintaining its timeless appeal.

This pendant emits a soft, downward light, with its curved, enamelled interior ensuring a glare-free glow that enhances dining areas, living spaces, and professional environments. Whether hung as a single feature or clustered in multiples, the metallic sheen plays beautifully with light and shadow, adding depth and elegance to the room. Available in multiple sizes, the Semi Metallic Pendant is both a design statement and a functional lighting solution, embodying the refined craftsmanship that defines Gubi's collection.
