PRODUCT DESCRIPTION

Designer: Afteroom

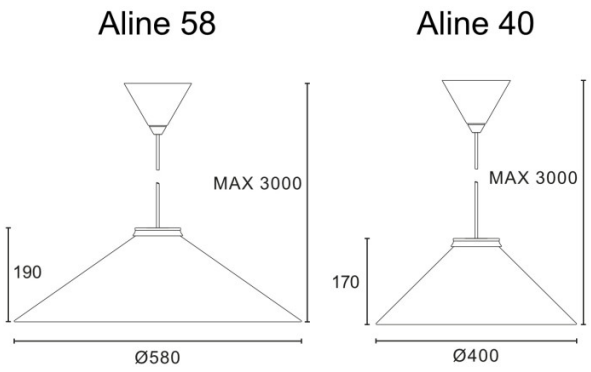

Pholc Aline Pendant

Aline reclaims classic cone shape with a modern and clean design. It perfectly balances its softness and strictness, with minimalistic lines and white matte finish. The new collection by Pholc was designed by Afteroom whose mission is to create products that add value over time. Available in two sizes, the Aline comes in a Ø40cm or Ø58cm.

The white shade is made using premium acrylic, chosen over glass due to its lightness and colour retention over time. Conforming to today's standards, the acrylic shade is recyclable and easy to disassemble. The Aline is the first product in Pholc's take-back initiative, as they accept it back when you no longer need it. Pholc will make sure to reuse all valuable natural resources, back into production. Finally, a disc completes the light and ads colour and the final touch to the product. The disc comes in Cotton, Black, Aluminium or Chamomile finish.
