PRODUCT DESCRIPTION

Designer: Front

Moooi Starfall Suspension Light

The Starfall Light was created by Front Design Studio. Anna Lindgren and Sofia Lagerkvist, founders of Front, were inspired while stargazing in the Swedish forests. The design duo wanted to replicate the magical feeling you get while looking up at the night sky. The Starfall Light features an upside-down chandelier frame with 30 arms, each holding integrated LEDs to create the impression of a cluster of stars.

When illuminated, the Starfall's LEDs create a soft glow that surrounds the pendant. This intimate ambience is perfect above a dining table or in a bedroom, allowing you to dine or sleep under the stars every night. In commercial spaces, the Starfall Light will add a prominent and striking display with a touch of magic, perfect for contemporary restaurants and bars.

The Starfall Light is compatible with the Moooi wireless dimming switch (purchased separately), enabling you to dim your light without the need for additional wiring. Contact us for more information.

PRODUCT SPECIFICATION

Light Source:	15W, 2700K, 1200 Lumens
IP Code:	20
