PRODUCT DESCRIPTION

Designer: Lievore, Altherr, Molina

Vibia Brisa LED Outdoor Floor Lamp

The Vibia Brisa LED Outdoor Floor Lamp is a fitted outdoor lamp, available in three sizes and allows you to choose between one, three or five light sources. Brisa was inspired by nature, specifically a forest of bluebell flowers, with the shades representing the flower's downward drooping flower heads and the body representing the slender but sturdy stem of the bluebell.

The shades encapsulate stunning integrated LED light sources that direct a warm intense beam of light downward onto your exterior areas. Designed by Lievore Altherr Molina, the Brisa floor lamp is a sophisticated way of lighting your garden, porch, or patio without interrupting the beauty of natural forms. This floor lamp blends in perfectly with the garden architecture and provides its surroundings with functional, warm and direct LED light. It is used for floor lighting and is equipped with protection class IP65, ensuring it is not sensitive to the weather. Perfect for all year round.

PRODUCT SPECIFICATION
