PRODUCT DESCRIPTION

Designer: Charlotte Honcke Design

Design For The People Cache Table Lamp

Designed by Charlotte Høncke, the Cache Table Lamp boasts an intriguing and eye-catching form. The lamp is made from two perfectly round shades, united elegantly by a solid marble base. Cache creates an interesting and playful ambience where the light is reflected back and forth between the two shades, forming a moon silhouette. The shades can be moved, meaning users can create different shapes and effects using both direct and indirect light.

The lamp is available with either a black or matt-grey marble base, both of which contribute to the galactic theme of the lamp. The pattern of the matt grey marble creates a perpetual starry sky around the base of the lamp while the black marble base portrays the night sky with the shade as the big, bright, full moon above. Design For The People work to create beautiful lights, classic lighting and playful designs that are striking, quirky and fun. The Cache Table Lamp incorporates a mix of materials delivering a stunning finish.

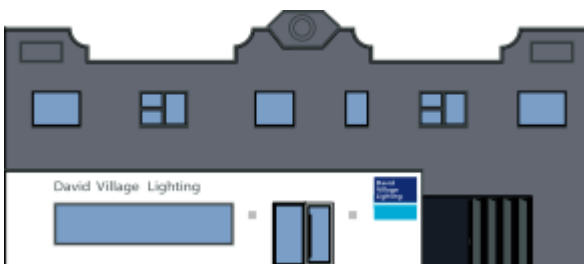

PRODUCT SPECIFICATION

Light Source: 1 x Max 40W GU10 (excluded)

IP Code: 20

Dimming: In line on/off switch included on the cable.

Dimensions: Shade: Ø30cm
Height: 49cm
Base: Ø9cm
Cable Length: 250cm
