Designer: Johan Van Hengel

Muuto Ease Portable Lamp

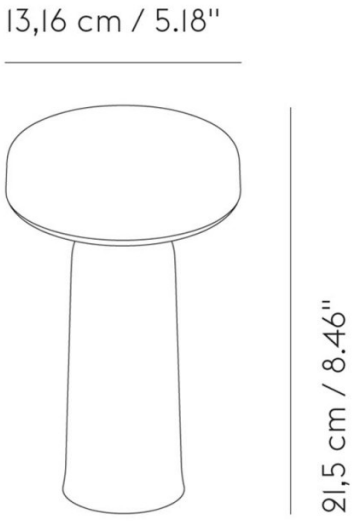

Designed by Johan Van Hengel, the Ease Portable transforms the shapes of traditional table lamps we see every day into a portable option, suitable to take wherever. Inspiration came to Van Hegal in the form of tradition. The designer wanted to take a recognisable, archetypal lamp form, and bring it into the modern day. The integrated dimmer, offering three levels of light, means that the user can create an ambience exactly to their liking. Ease offers a high-quality, glare-free light that generates a striking balance between atmospheric and functional light. The large surface is utilised to emit light, while the flared bottom firmly stabilizes it.

Ease Portable Lamp is suitable for outdoor use with an IP54 rating. The lamp is protected and tested against solid foreign objects, such as dust ingress, as well as liquids, such as water splashes from all angles. The design is humble, with a strong character that works great alone or as a collection in any setting; from your bedside table, coffee table and back garden to your restaurant, office or library.

This battery-powered portable light offers 8 hours of power at 100% intensity, 16 hours at 50% intensity and 29 hours at 25% intensity. Charger cable included.

PRODUCT SPECIFICATION

Light Source:	4W, 2700K, 230 Lumens
IP Code:	54
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 21.5cm Width: 13.16cm Charger Cable Length: 90cm
