PRODUCT DESCRIPTION

Designer: Timothy Jacob Jensen

Nordlux Bring To-Go 12 LED Portable

Designed by Timothy Jacob Jensen and Alasdair McPhail and made from recycled materials, the Bring To-Go 12 LED Portable offers a round, illuminated surface elegantly embraced by a black rubber band. This rubber band also serves as a practical handle, meaning it is easy to transport, or a suspension.

Bring To-Go emits a warm, soft light and creates a calming atmosphere for warm summer nights in your garden or peaceful evenings in the park. The built in Moodmaker™ dimmer offers two light intensities with a gentle tap. The light intensity can be set to either 30% or 100%, and with a third tap can be completely turned off. The IP44 classification and water resistant surface makes it ideal for outdoor settings - even the beach.

Battery life:

Step 1 (100%): 8 hours

Step 2 (30%): 24 hours
