Design For The People Blanche Pendant Light

The Blanche Pendant, designed by Bjørn + Balle, is an elegant art deco pendant light with a slim design boasting intricate brass ornaments, which ensure an outstanding overall appearance. The flat opalised diffuser of Blanche offers a great impression due to its unusual shape but also ensures an even light diffusion, emitting light both upwards and downwards.

The built in LEDs ensure a long lifespan and radiate a pleasant warm white light, offering a calming ambience. The ability to dim the light source also allows you the freedom to personalise the atmosphere - as does the two size options. You can hang the Blanche Pendant Light individually or group together in multiple sizes to create a statement piece.

The Blanche Pendant is perfect for living and dining areas. In particular, suspended above your dining table for quiet evenings at home or other spots in your home where you are likely to host guests for intimate gatherings.
