PRODUCT DESCRIPTION

Designer: Bønnelycke MDD

Design For The People Artist Pendant

Inspired by the world of music, specifically a cymbal on a drum kit, the Artist LED Pendant boasts a contemporary yet stripped-back shade and is another design by Bønnelycke MDD. This pendant harbours built-in LEDs which make it extremely energy efficient whilst still providing maximum light output.

Winner of the Red Dot Design Award in 2017, the Artist Pendant provides a soft and diffused light to your space, providing both a functional and an ambient light projection. This is a timeless piece of lighting that adds a touch of elegance and class to any room in your house. Although it is especially impactful when used above dining tables, kitchen tables or coffee tables. The Artist Pendant can be hung individually or grouped together in different sizes to create an impact, the height can even be adjusted upon installation.
