PRODUCT DESCRIPTION

Designer: Bjørn + Balle

Design For The People Norbi Pendant

The Norbi Pendant harnesses a minimalistic design with an industrial touch. Designed by Bjørn + Balle, the iconic Danish design duo, this luminaire consists of a matte shade which is contrasted by brushed steel mechanism that works as a tool to adjust the height of the suspension.

Adjusting the height of this light also personalises the light output, by moving the lamp up you create a diffused light that spreads a warm glow throughout the room. Whereas, lowering the lamp centres the light and creates a powerful down light. This makes the Norbi Pendant perfect for creating an atmospheric ambience or as a functional task light.

Available in two different sizes, the Norbi can fit into a range of environments. This pendant can make a perfect mood light in your living area, bedroom and public spaces in the hospitality sector. Whereas a more direct light it can be just what you need in your kitchen, workspace or hallway.

PRODUCT SPECIFICATION
