PRODUCT DESCRIPTION

Designer: Inga Sempé

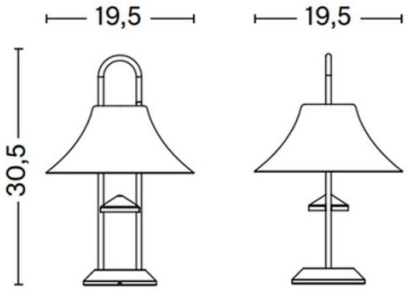

HAY Mousqueton Portable LED Lamp

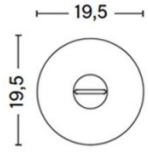

Designed by Inga Sempe, the Mousqueton Portable LED Lamp is a functional portable lamp with a stripped-back, contemporary aesthetic. The sleek metal frame contrasts with the coloured shades, making a striking statement piece. The frame's carabiner hook adds extra versatility to the lamp, allowing it to be suspended as well as placed on a surface. This, along with an IP rating of 44, makes the Mousqueton a perfect outdoor lamp and camping companion.

Although it boasts a deceptively minimalistic profile, the Mousqueton features technical elements that are cleverly incorporated within the lamp. The integrated LED light source ensures a long lifespan, guaranteeing at least 25,000 hours of use. A touch dimmer on the inside of the shade allows users to easily adjust light intensity to suit any environment. Charge via the included USB-C cable to provide up to 10 hours of use, depending on the brightness selected.

PRODUCT SPECIFICATION

Light Source:	3W, 2550K, 157 Lumens
IP Code:	44
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 30.5cm Width: 19.5cm Base: Ø19.5cm
