PRODUCT DESCRIPTION

Designer: Inga Sempé

HAY Matin LED Floor Lamp

An evolution of the Matin collection, a customer favourite, the Matin Floor Lamp was designed by Inga Sempé and combines a delicate design with modern technology. Matin combines Inga's fascination with pleats with her signature use of carefully selected sophisticated colours. Sempé's desire has always been to create original designs that combine quality and function. This elegant floor lamp utilises a fabric shade diffuser and a brass steel frame, these materials combined result in an elegant, yet robust, design. With the shade providing simplicity, the steel and matt black details ensure a touch of contemporary style.

The integrated LED produces a warm white light which is diffused through the cotton shade and produces a calming light output that is perfect for mood lighting. The in line dimmer on the cable further enhances this as it grants you easy personability, allowing you to adjust the strength of output of light depending you and your environments needs. Integrated LED also guarantees longevity, the HAY Matin LED Floor Lamp boasts a life span of at least 25,000 hours of use.
