PRODUCT DESCRIPTION

Designer: Danos Salgados

Bover Soft PF/30 Outdoor Ceiling Light

Designed by Danos Salgados, the Soft Outdoor Ceiling is crafted from silicone with a beautiful textured pattern design. It provides a direct downlight that is regulated thanks to the polycarbonate diffuser, creating a warm and inviting ambience in your private or commercial exterior. The light source is also able to mildly escape through the pattern, highlighting the craftsmanship and intricacy of the design.

This colourful design is available in three colours and boasts a natural appearance, resembling classic bohemian wine glasses. Soft light adapts to a multitude of interior design preferences and can easily be disassembled for trouble free cleaning and maintenance. This ceiling lamp is perfect for use in outdoor dining areas, bars and hospitality venues. Also suitable for use in the home on terraces and patios.
