Marset Pleat Box 24 Pendant

Marset Pleat Box 24 Pendant is a handcrafted ceramic pendant by Xavier Mañosa and Mashallah for Marset. The design is based on the idea of applying a digitally designed fabric crease to a ceramic form, giving the shade its folded upper edge and soft, draped shape. Its compact size makes the Pleat Box 24 useful where the collection's ceramic texture and colour are wanted without choosing one of the larger pendants.

The ceramic shade comes in several exterior colours, with either glossy white enamel or a 24-carat gold-plated finish on the inside. The white interior gives a brighter, cleaner feel, while the gold interior makes the light warmer and draws more attention to the inside of the shade. On its own, the Pleat Box 24 works nicely over a small table, bedside spot, or compact counter. Used in a row, it can add a bit more colour and shape above a kitchen island, bar, or restaurant counter.

This E14 version is supplied with a ceramic canopy in the same colour as the chosen shade and a black fabric cord. The lamp is excluded, so the final brightness and dimming performance will depend on the selected E14 LED lamp. Most suited to dining rooms, kitchens, bedrooms, living rooms, restaurants, hotels, and interiors where a compact ceramic pendant can add shape, colour, and softened downward light.

Please Note: As of November 2026 all Marset Pleat Box Pendants are supplied with a black cable and a canopy in the same colour as the selected shade.

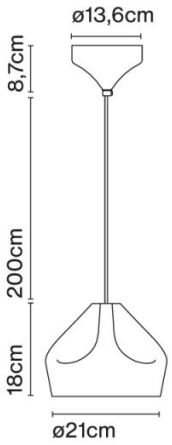

PRODUCT SPECIFICATION

Light Source: 1 x Max 5W E14 LED (Excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Shade: Ø21cm
Shade Height: 18cm
Cable Length: 200cm
Ceiling Canopy: Ø13.6cm
