Marset Pleat Box 36 Pendant

The Pleat Box 36 Pendant is the slimmest pendant in the Pleat Box collection, designed by Xavier Manosa and Berlin-based Marshalla Design Studio in 2011, for Spanish lighting manufacturers Marset. The luminaire resembles fabric, how it creases and hangs under its own weight or over an object, it is a beautiful example of using ceramics in a creative manner. The result is striking, solid materials take a seemingly soft form.

The interior of this pendant is available in two different colours, either white or gold. Each colour offers a personalised light output. The white diffuses a brighter light: perfect for kitchens, whereas the gold interior emits a warm glow: making great mood lighting in lounge areas or even bedrooms. Marset Pleat Box 36 is a stylish lighting solution which is available in four sizes and a wide range of colours, allowing you to make your space your own. This range of contemporary colours makes the Pleat Box a great addition for homes and commercial spaces.
