PRODUCT DESCRIPTION

Designer: Knut Bendik Humlevik

New Works Brolly Portable LED Table Lamp

Please note, the Brolly Portable is sold in packs of 4. You can select different colour options, for each item in the pack.

The Brolly Portable LED Table Lamp is a sleek design by Knut Bendik Humlevik, creative director of New Works. This portable lamp boasts simplistic geometric shapes, offering a brief touch of minimalism to your space. Brolly was born from a study into portable lighting and its requirements; Humlevik wondered how he could refine the concept of portability. This study resulted in a table lamp that is tall enough to offer a generous light output, but petite enough to not take up too much space when placed in the centre of a table during social settings.

The LED light source is protected within the shade and emits a diffused downlight, casting a warm glow onto the surrounding areas. With the Brolly LED Portable you are not sacrificing functionality for a sleek design, this portable table lamp makes a beautiful glare free task light or an ambient light for more relaxed lighting in both residential and commercial spaces. The lamp is charged with a magnetic charger, which attaches seamlessly underneath the lamp base, this ensures that the lamp can still be used whilst charging without effecting the stability of the Brolly. Thanks to the integrated 3 step dimmer that sits at the top of the lamp shade, you can easily personalise the light output and create an environment perfect for you.

Operating time: Up to 15 hours
Charging time: 5 hours (0-100%)

PRODUCT SPECIFICATION

Light Source: 2W, 2700K, 140 Lumens

IP Code: 44

Dimming: Integrated dimmer on the product.

Dimensions: Shade: Ø16.5cm
Height: 30cm
Charging Cable: 150cm
