PRODUCT DESCRIPTION

Designer: TAF Studio

Artek Kori Pendant Light

The Artek Kori Pendant Light, designed by TAF Studio, is the most versatile lighting option in the collection. Available in three variations—without a shade, with a disc shade, or with a dune shade—each version offers a different lighting experience. The no-shade version provides a direct, glare-free light perfect for general illumination, while the disc and dune shades create a soft downlighting ideal for accent lighting over dining areas, kitchen islands, or counters.

The Kori Pendant Light is crafted from high-quality materials, ensuring both style and functionality. Its modern design fits seamlessly into a variety of interior spaces.
