PRODUCT DESCRIPTION

Designer: Jean-François Crochet

Terzani Gaia Linear Suspension Light

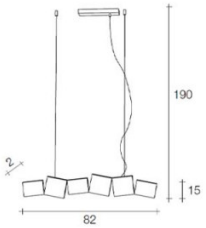

The Gaia LED Suspension was inspired by Greek mythology, Gaia is the embodiment of the Earth and the mother of life. Terzani worked alongside designer Jean-François Crochet to manufacture a lighting solution which captures the natural beauty of the Greek goddess. This suspension consists of sharp geometric shapes, overlapping raw metal to represent the mountains that Gaia created. The squares differ not only in colour, but also in size and orientation. This adds a sense of movement to the otherwise static luminaire.

The illumination escapes through the gaps that are formed in between the metal squares. The streams of light provide subtle lighting to your room, perfect for environments that require an ambience. Available in a range of finishes, the Gaia perfectly combines natural materials with modern LED technology. The Terzani Gaia Linear LED Suspension is available as a single suspension or a double suspension, depending on the environment you wish to display it in. The single linear pendant is perfect for residential properties, whereas the Gaia double suspension can provide extravagant ambient lighting to commercial and public spaces.

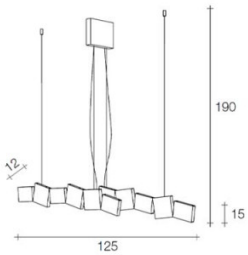

PRODUCT SPECIFICATION

Light Source:	**Single**: 12 x 1.5W, 3000K, 2088 Lumens **Double**: 24 x 1.5W, 3000K, 4176 Lumens
IP Code:	20
Dimming:	Dimmable via Dali Dimming Systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	**Single Linear**: Width: 82cm Height: 15cm Drop Height: 190cm Ceiling Canopy Width: 25cm Ceiling Canopy Depth: 3cm **Double Linear**: Width: 125cm Height: 15cm Drop Height: 190cm Ceiling Canopy Width: 3.5cm Ceiling Canopy Depth: 18.5cm

Single

Double
