PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Porti Braided Portable Lamp

The Porti Braided Lamp is a reinterpretation of the traditional lantern, made of braided rattan and paired with a slender iron base. The integrated LED dome sits within the rattan body and emits a soft and warm glow. The Porti Braided is easily transported to be taken with you to a multitude of settings, ideally in dry and indoor locations, as its IP rating is not suitable for outdoor or wet areas.

The lamp is dimmable, with the dimmer positioned at the base, featuring a hover touch function. Switch the lamp on and off with a gentle tap or dim it by touching and holding it until you reach the perfect ambience. When switched on again, the lamp remembers its dimming setting from the last time it was used. The lamp can be positioned on uneven surfaces, by screwing the lamp feet forward or backwards. The battery-powered rattan lamp provides 12 hours of light when used on the highest light intensity and can be fully charged in 5 hours (USB cable supplied, adapter not included).

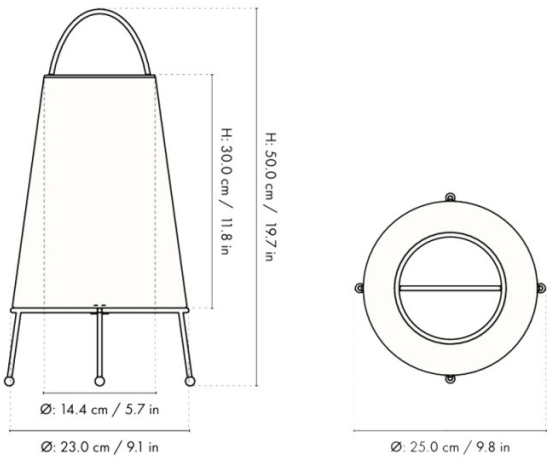

PRODUCT SPECIFICATION

Light Source: 2W, 2700K, 50 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Ø20cm
Height: 50cm
Charging Cable Length: 150cm
