PRODUCT DESCRIPTION

Designer: Alex Fernandez Camps

Bover Valentina M/29 LED Table Lamp

Designed by Alex Fernandez Camps, the Bover Valentina M/29 LED Table Lamp adds a dramatic flare to any interior. The smooth outer shade contrasts beautifully with the dramatic, grooved inner shade and the result is an organic and functional lighting solution which was inspired by the Mediterranean coast. The Valentina table lamp is crafted from aluminium and iron, with the LED light source skilfully embedded into the interior of the shade.

The LED produces a warm white illumination that, when placed on a table or near a wall, results in beautiful shadows that are cast onto the nearby surfaces. The light is cast downwards, creating a soft and glare free down light - perfect for bedside tables, workspaces or as a reading light in lounge areas. The Valentina M/29 Table Lamp can also be a beautiful addition to contemporary commercial spaces, specifically restaurants, cafes, offices and libraries.

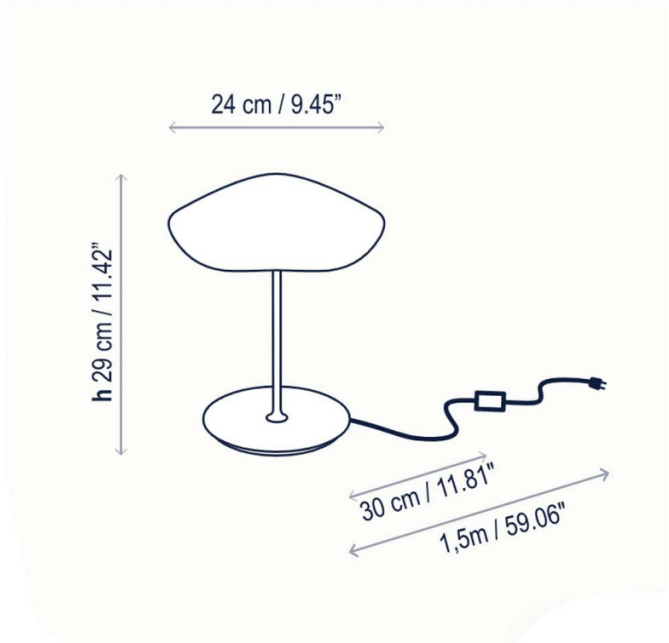

PRODUCT SPECIFICATION

Light Source: 6.5W, 2700K, 715 Lumens

IP Code: 20

Dimming: In line on/off switch included on the cable.

Dimensions: Shade: Ø24cm
Height: 29cm
Cable Length: 150cm
