PRODUCT DESCRIPTION

Designer: Alex Fernandez Camps

Bover Mediterrania PF/105 Ceiling Light

Clear by the name, the Bover Mediterrania Ceiling Light is an ode to the Mediterranean coast, it pays tribute to the natural light - specifically the sunrise and sunset. When turned on this ceiling light generates a natural, soft and friendly illumination. Designed by Alex Fernandez Camps in 2019, the gentle curves and polyester material of the Mediterrania PF/105 Ceiling Light make it a non-invasive lighting solution, whilst still managing to bring "life" to any environment.

The wave-shaped ribbon shade encloses a polycarbonate diffuser, which is home to the LED light source. The LED illumination is directed downwards without glare and also escapes atmospherically through the translucent shade, creating a calming and even room light. Mediterrania fits over dining areas, areas where you often host guests and in cosy lounge areas. Similarly this ceiling light can also have a dramatic impact in public spaces such as hotel lobbies and environments in the hospitality sector. Bover Mediterrania is the ideal choice for when a touch of Mediterranean flair is required.

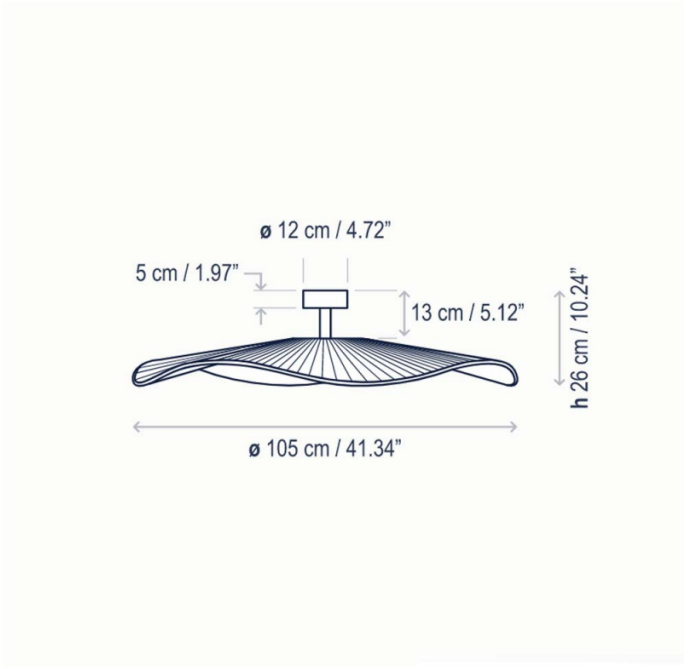

PRODUCT SPECIFICATION

Light Source: 17.1W, 2700K, 2064 Lumens
