Muuto Pebble Rug

The Muuto Pebble Rug was designed by Margrethe Odgaard, who worked as a textile designer in Philadelphia, and later in Paris, before setting up design studio in Copenhagen in 2013. This rug was inspired by the feeling of walking across a pebbled beach. The Pebble Rug is handwoven, using various techniques, resulting in two different textures - the soft woollen loops of the inside part of the rug contrast with the jute weave of the edging.

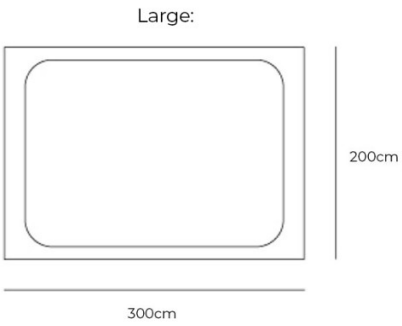

A synthetic latex is applied to the back of the rug, ensuring it lays smoothly on whichever floor it is placed upon. The stylish Pebble Rug by Muuto is available in a collection of monotone colours; guaranteed to suit a range of interior styles in your home or commercial space.
