PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster and Punch Forked Globe Ceiling Light

A beautiful combination of hand-blown glass and high-quality metal, the Buster and Punch Forked Globe Ceiling Light was designed by founder Massimo Minale in 2022. This ceiling light is crafted from a combination of cast, machine, and hand-spun solid metals, with a globe of either opal or smoked hand-blown glass - and of course, it still features the iconic Buster and Punch knurling pattern and engraved signature.

The Forked Globe Ceiling Light coats your space in an ambient and even light emission, with a dimmable light bulb that allows you to personalise the intensity of the light output. Buster + Punch Forked Ceiling Light is available in a brass, gun metal, or steel finish, offering a touch of industrial style to contemporary interiors. With a choice of finishes, glass type, and size, the Forked can be easily personalised to suit your needs or personal style. This light is a spectacular addition to a wide range of spaces, install individually or group together in rows and clusters for a more dramatic effect.

A Buster and Punch Forked-specific dimmable Buster Bulb is included, but requires an LED-compatible dimmer switch.

PRODUCT SPECIFICATION

Light Source: 1 x Max 7.5W E27 LED (included)

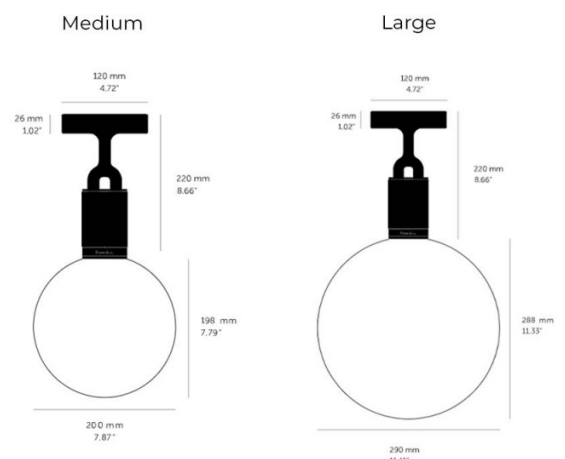

IP Code: 20

Dimming: Dimmable via trailing edge dimming.

Dimensions: Medium:
Shade: Ø20cm
Height: 41.8cm
