PRODUCT DESCRIPTION

Designer: Isamu Noguchi

Akari 50EN Pendant by Vitra

Handcrafted in the Ozeki workshop, the 50EN is part of Vitra's Akari Light Sculptures. Originally designed in 1951, by Isamu Noguchi, the Akari lights were named after the Japanese word for *'light'*. The luminaire has a bamboo frame, which will in turn determine the suspension's shape, and has washi paper glued on. The paper is locally sourced, from the bark of mulberry trees. Each light can take up to 6 hours to complete.

For over 70 years, the Akari Sculpture lights have been manufactured by artisans in a workshop in Goku, Japan. The Akari 50EN is a modern solution, throughout the decades and brings a soft and warm light. Install in high or low-ceiling spaces, in hallways or over dining areas. Explore the **full collection** and find the perfect Akari light for your home.

Please Note: The 50EN Pendant is provided with a non-dimmable lamp with a wattage of 4W, but can take a lamp with a maximum of 12W.

PRODUCT SPECIFICATION

Light Source:	1 x Max 4W E27 LED Non-Dimmable (Included)
IP Code:	20
Dimming:	Non-dimmable light source included. Product is dimmable via mains phase with an alternative light source.
