PRODUCT DESCRIPTION

Designer: Joana Bover

Bover Nans/55 LED Outdoor Pendant

The Bover Nans S/55 Outdoor Pendant is hand woven with a more elaborate weave than other lights in the Nans Collection, the shade combines different weaving techniques utilising synthetic fibre. It differs from the rest of the collection, not only because of the weaving technique, but because it incorporates an elliptical polyethylene diffuser, which filters the light and prevents glare. The result is a soft and warm illumination that creates a calm ambience in your garden.

Inspired by Cala Nans cove on the Costa Brava coast, which is a tranquil haven, the Nans S/55 LED Outdoor Pendant is the definition of Mediterranean style. The organic aesthetic is perfect for summer evenings, and with three colour options it is guaranteed to suit a range of personal styles. Perfect for optimising private gardens and outdoor public spaces such as exterior eating areas in the hospitality industry.
