PRODUCT DESCRIPTION

Designer: Pepe Fornas

Aromas Del Campo Ison LED Suspension

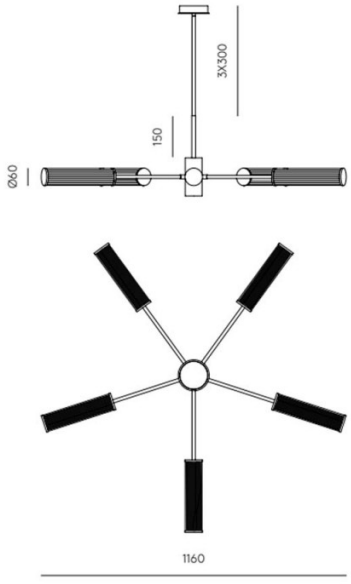

Designed by Pepe Fornas, the Aromas Del Campo Ison LED Pendant is a modern evolution of a classic chandelier, available in either a black or aged gold finish. The Ison features five LED light sources, protected by fluted glass; the result is a soft illumination which is diffused through the textured surface of the glass. Aroma Ison LED Pendant allows the user complete control, with dimmable light sources and a height adjustable stem - the drop of this pendant light can be altered in three stages; 30cm, 60cm or 90cm.

The symmetrical design adds a touch of elegance to almost any interior and proves extremely remarkable above dining areas to illuminate the table below. Ison broadcasts its true potential in residential kitchen or dining spaces, restaurants, cafes, bars and hotels.

Please Note: The Ison Pendant LED light sources can be replaced, but not by the user.
