Aromas Del Campo Bell Pendant

The Aromas Del Campo Bell Pendant takes it's name from the smooth shape of the shade - resembling a bell. This pendant is another delicate design by Pepe Fornas, featuring a hand painted ceramic shade with a marble sphere gently perched on top. The result is an elegant and versatile lighting solution which suits a range of interiors, adding a touch of playfulness to your environment.

The shade of the Aromas Bell creates a soft but functional downlight, perfect for displaying in bedrooms, kitchens and above dining areas in residential properties. It can also be grouped together in larger spaces and utilised to illuminate hallways, staircases, restaurants, cafes, shops and even contemporary workspaces.

Shade and marble sphere available in a range of finishes. Contact Us for more information and pricing.
