PRODUCT DESCRIPTION

Designer: Pepe Fornas

Aromas Del Campo Erto Wall Light

The Aromas Del Campo Erto Wall Light is a compacted evolution of the **Erto Chandelier**. Designed by Pepe Fornas, this contemporary lighting solution boasts a black structure with golden details, adding luxurious textures and depth to your interior. The disk shaped shade assists in diffusing the light source and results in a soft and indirect emission of light. The Erto Wall Light by Aromas utilises a bold contrast between the disks and the brass detailing, which results in an eye-catching lighting solution, which is further enhanced by the the simplicity of the natural materials used.

The Aromas Erto Wall Light was designed for decorating rooms where it is crucial to save space; such as a hall, living room or bedroom. In commercial settings it is a beautiful way to illuminate restaurants, cafes, entryways, hotel rooms and even bathrooms. Erto can be displayed individually or grouped together to create a more dramatic illumination, resembling a work of art.

Please Note: Disks are available in an array of finishes and materials. Including available in alabaster, ceramic, glass or metal.
