PRODUCT DESCRIPTION

Designer: AC Studio

Aromas Del Campo Miro Wall Light

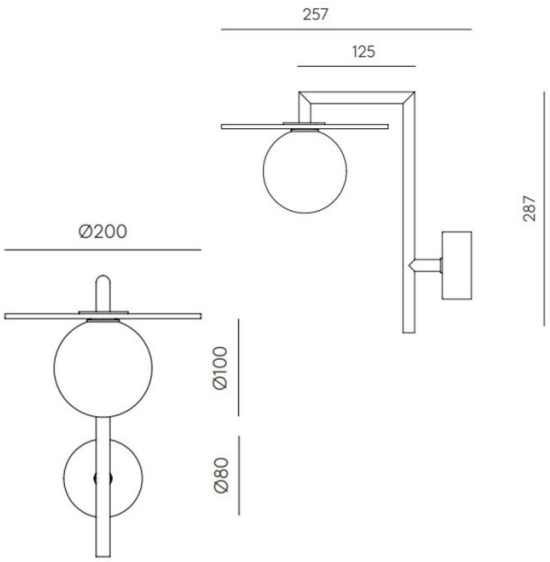

Similar to the **Miro Suspension**, the Aromas Del Campo Miro Wall Light utilises a stunning geometric silhouette, the sharp angles of the structure combines with the smoothness of the diffuser creates a beautiful play of light and shadow. The light source is encapsulated within a blown glass diffuser, resulting in a warm diffused illumination - whilst the circular disk shade that perches atop the diffuser helps to angle the light downwards for a calming and subtle task light.

The Aromas Miro was designed by AC Studio, providing a unique lighting solution with a sculptural quality. This wall light is a functional and beautiful addition to a range of interiors, thanks to the modifiable disks it can blend into a range of styles.

Disks available in a range of materials: Alabaster, Ceramic, or Stripped Metal.
