Aromas Del Campo Dalt Suspension

An evolution of the **Dalt Wall Light**, the Aromas Del Campo Dalt Suspension adds a dramatic elegance to large interiors. High quality materials minimalistic design and a harmonious combination of spherical shapes makes this contemporary chandelier unique. Designed by Pepe Fornas, the Aromas Dalt Suspension is made up of a suspension rod connected to a ceiling support, with 6 arms that reach outwards. Each arm of the Dalt Suspension houses two spheres, a opal glass shade and a sphere of polished marble. The opal glass diffusers project an even light that is ideal for peacefully illuminating rooms, whilst the marble piece gracefully gifts a decorative touch.

Fornas' modern take on a classic chandelier was designed to brighten larger environments, and is sure to have a large impact when suspended above dining areas. This makes it ideal for residential dining rooms or kitchens; as well as commercial spaces in the hospitality sector. Aromas Del Campo Dalt is guaranteed to suit a range of décor styles due to the ease of customisation, the marble sphere is available in black, green, or brown whilst the structure of the Aromas Dalt is available in either black metal or aged gold - depending on your chosen marble.
