PRODUCT DESCRIPTION

Designer: BIG

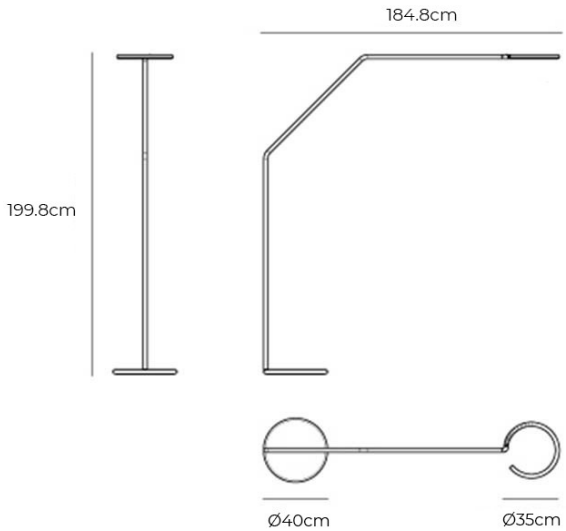

Artemide Vine LED Floor Lamp

Artemide Vine LED Floor Lamp is a pure and balanced form, offering great freedom of movement with only two joints- this leaves users free to define their own light with one simple gesture. An unbroken section, measuring only 2.5cm, shapes the structure and houses all the opto-electronic and mechanical elements whilst still remaining simplistic in aesthetic. The minimalistic presence of the Vine Floor Lamp creates a perfect balance among different materials, weights, light quality, precision of movement and functionality. Vine represents a synthesis in which the apparent simplicity is the result of a deep know-how and innovative research.

The Vine Floor Lamp by Artemide harnesses a geometric and oversized arc, making it a beautiful lighting solution for offices and workspaces, looming over a desk, as a reading light next to your sofa or for illuminating dining areas in both residential and commercial spaces.
