PRODUCT DESCRIPTION

Designer: Enzo Catellani

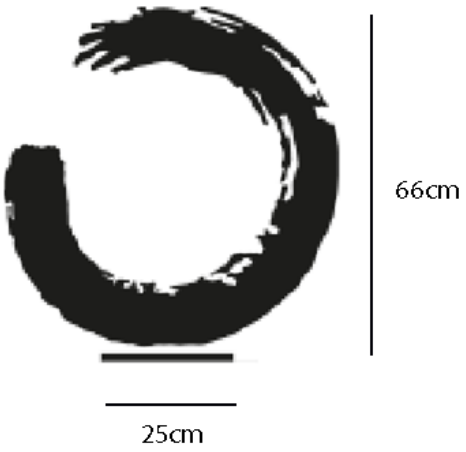

Catellani & Smith Enso LED Table Lamp

During a period of time in Japan, Enzo Catellani fell in love with the art of calligraphy - and the concept behind the Catellani & Smith Enso Table Lamp began to form. Catellani took inspiration from Japanese calligraphy, specifically the circle symbol of enlightenment and wholeness; Enso. This table lamp imitates a brush stroke, fading as the circle comes to an end; this grants Enso a sense of movement, which adds to the dramatic presence.

The Catellani & Smith Enso LED Table Lamp is crafted from metal, with a hand-painted blue surface and a brass base. Fitted with 11 LED boards on the back of the lamp, Enso emits a warm and inviting indirect light. This makes Enso perfect for areas of your room where relaxation is key. A beautiful source of light on a side table in lounge areas, in dining rooms or even in hallways. Alternatively, the Enso LED Table Lamp can also make a large impact in commercial spaces, especially in the hospitality sector or in the wellness industry; for example, restaurants, bars, hotels and spas. Enso also boasts a built-in dimmer on the cable, the lamp can be turned on and off by pressing the switch, or it can be dimmed by holding down until the LEDs reach a light output which suits your environment.

PRODUCT SPECIFICATION

Light Source:	17.6W, 2700K, 1749 Lumens
IP Code:	20
Dimming:	In-line dimmer included on the cable.
Dimensions:	Height: 66cm Base Width: 25cm Base Depth: 15cm
